Subject: RMGT 10th Anniversary Open house Count-down

The upcoming event of RMGT Open House, celebrating our 10th anniversary, is approaching on March 26th, 2024, and we are passionately working toward this special event under the corporate slogan "Assist Your Potential". For this event, approx. 170 guests from overseas countries are registered and we are confident that this event will be the great opportunity to feature the state-of-the-art products and systems, such as Anilox Roller Changer, AGV (Automated Guided Vehicle named "Nipper") throughout the demonstrations of 3 RMGT flagship models (970ST-5+CC+SLD, 970PF-8+PQS-D, and 1060LX-6+DU+CC+2LD). We are really happy to show the variety of our innovative technologies to our guests this time. By taking this opportunity, we are very proud and honored to introduce our new factory No. 3 completed at the end of last year, too.

On the evening of March 26, we will hold a Get-together to welcome all the guests from more than 20 countries, and we look forward to sharing with the guests such commemorative moments through the ceremony of the RMGT 10th anniversary. Hope all of you and customers are excited to join this event on 26th.

We are looking forward to seeing you soon!!
